## Voice Assistant for Senior Assisted Living by Easy Voice

### Communicate with Family, Front Desk and Caregivers

Seniors simply ask for any member of the **family, caregiver, front desk** or other contact and are connected without wires or phones to a loved one, physician, or caregiver instantly.

### Track Medications

Easily record medications and medication reminders automatically with Easy Voice medication capture. Create a permanent record of each prescription and the time taken. Never forget or lose track of prescription medications.

### “Drop In” Monitoring

With remote “Drop In” monitoring, loved ones and caregivers can easily drop into any location to speak or view a location at any time, without the use of phones or cameras. Simply ask to “Drop in on Mom” and Easy Voice Alexa connects the authorized person directly to a room.

### Hands Free Safety Calls

Call anyone without a phone, without extra expense, simply by saying their name. Phone lists are prepopulated to connect senior loved ones with a host of contacts to easily connect
